

## Technical Data Sheet

# Silicone 55 Transparent GHDS

### Standard dimensions

|                     |                   |
|---------------------|-------------------|
| Width:              | 1400 mm           |
| Material thickness: | 0.4 mm            |
| Surface:            | textured/textured |

|                        |                        |                   |
|------------------------|------------------------|-------------------|
| Compound               | GHDS 6001              |                   |
| Polymer                | Silicone               |                   |
| Colour                 | Transparent            |                   |
| Material hardness      | 55 Shore A             | ISO 7619-1        |
| Density / Spec. Weight | 1.14 g/cm <sup>3</sup> | DIN EN ISO 1183-1 |
| Tensile strength       | 7 N/mm <sup>2</sup>    | DIN 53 504        |
| Elongation at tear     | 650 %                  | DIN 53 504        |
| Max. temperature       | 200°C                  |                   |

The specifications for all products are based on the provided mix test results and represent key statistical product figures, but do not specifically guarantee properties. The right to changes for the purpose of technical advancement that do not substantially modify the product are reserved.
